Internal skiving tool

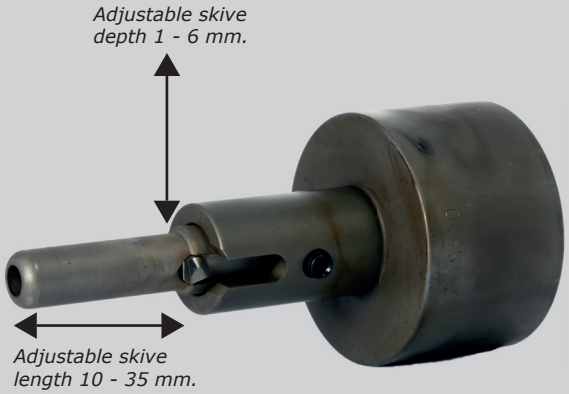
Skiving tool
This skiving tool is used on all our skiving machines.
It is used for internal skiving of spiral hoses with 3 - 6 reinforcement layers to cater for interlock fittings. The tool is adjustable to suit varying needs of skiving lengths and depths.



DESIGNATION:	PART NUMBER:
Internal skiving tool 3/8"	9025-15-06
5 mm internal skiving knife	9025-01-05
Internal skiving tool 1/2"	9025-15-08
6 mm internal skiving knife	9025-01-06
Internal skiving tool 5/8"	9025-15-10
Internal skiving tool 3/4"	9025-15-12
8 mm internal skiving knife	9025-01-08
Internal skiving tool 1"	9025-15-16
Internal skiving tool 1 1/4"	9025-15-20
10 mm internal skiving knife	9025-01-10
Internal skiving tool 1 1/2"	9025-15-24
Internal skiving tool 2"	9025-15-32
10 mm internal skiving knife, long	9025-02-10

TECHNICAL DATA

Material	Steel SS 1672 - hardened
Adjustable skive length	10 - 35 mm
Adjustable skive depth	1 - 6 mm
Length	150 - 200 mm
Weight	0,3 - 0,5 kg

Kungsvägen 22, SE-783 35 Säter, Sweden
